Forecast for Thursday 26 Nov 2020

Weather: Dry with plenty of sunshine, although some high cloud may spill across in the afternoon from the west. A few fog patches may linger at glen level throughout the daytime. Some patchy low cloud developing across southern Lochaber and the Argyll hills from around dusk onwards, and some patchy light rain may push in to the north too.

Chance of cloud free mountain/hill tops above 800m: Summits expected to be clear of cloud during daytime. Some low cloud banks possible below 200 metres in the glens where freezing fog develops. Some patchy cloud developing above 600 metres in the evening.

Visibility: Mainly very good at height.
